

Set You Free v2

It has to be, oh I must set you free

I hold you close, then you start to cry
You kiss my lips, but I can't tell you why
It has to be, oh I must set you free

A girl like you, my heart has longed
For this moment in time, but now you are gone
How can it be, why must I set you free

*Will we recall, the love we shared
And our time together, without a care
Or will this end in vain*

The days seem short and nights so long
Without you near, and in my arms
How can it be, why must I set you free

*Will we recall, the love we shared
And our time together, without a care
Or will this end in vain*

Memories of you are now all that remain
And I wonder if, I'll ever find love again
It has to be, oh I must set you free
