

## A Better Way

*Breathe in, breathe out  
Breathe in, breathe out  
Do you really know  
What life is about?*

Listen to me  
Can you hear what I say?  
Man there's got to be  
A better way

The world is on fire  
In total disarray  
And sadly it feels  
We have lost our way

*Breathe in, breathe out  
Breathe in, breathe out  
Do you really know  
What life is about?*

The streets are abuzz  
Talk of revolution  
C'mon, man there's got to be  
A peaceful solution

*Breathe in, breathe out, breathe in, breathe out  
Breathe in, breathe out, breathe in, breathe out  
Breathe in, breathe out, breathe in, breathe out*

Listen to me  
Can you hear what I say?  
Man there's got to be, a better way  
A better way, a better way, a better way
