

## **Do You Know You Are Beautiful?**

If I said you make life easy, would you believe it to be true?

Cuz baby you are so beautiful in everything you do

Would it surprise you if I said I want only to be with you?

Cuz baby you are so beautiful in everything you do

It's your comforting smile and your calming voice

It's your words of wisdom that cuts thru the noise

It's the dreams you share so open and free

It's the passion in your kiss you save just for me

All the cares in the world disappear when I'm with you

Cuz baby you are so beautiful in everything you do

If I said you make life easy, would you believe it to be true?

Cuz baby you are so beautiful in everything you do

Would it surprise you if I said I want only to be with you?

Cuz baby you are so beautiful in everything you do
