

Set You Free

It has to be, oh I must set you free

I hold you close, then you start to cry

You kiss my lips, but I can't tell you why

It has to be, oh I must set you free

A girl like you, my heart has longed

For this moment in time, but now you're gone

How can it be, why must I set you free

Will we recall, the love we shared

And time together, without a care

Or will this end in vain?

The days seem short and nights so long

Without you near, and in my arms

How can it be, why must I set you free

Will we recall, the love we shared

And time together, without a care

Or will this end in vain?

Memories of you are now all that remain

And I wonder if, I'll ever find love again

It has to be, oh I must set you free
