

Yesterday's News

*Yesterday's news, yesterday's news
Girl now I'm leaving you*

There was a time, not long ago
When love was all you and I had to know
But seasons change, so why do you ask
Everyone knows that all things must pass

*You're just yesterday's news, yesterday's news
Girl now I'm leaving you
Yesterday's news, yesterday's news
Girl now I'm leaving you*

Silver spoon, born in your mouth
But you never knew what life was about
Now you're back, you won't let me be
Oh, what will it take, girl, to make you see

*You're just yesterday's news, yesterday's news,
Girl now I'm leaving you
Yesterday's news, yesterday's news
Girl now I'm leaving you*

Words of wisdom, yeah, I seldom give
But here's some advice, from which to live
You may be searching, but you will not find
In someone else, true peace of mind

*You're just yesterday's news, yesterday's news
Girl now I'm leaving you.
Yesterday's news, yesterday's news
Girl now I'm leaving you.*
