

Laughing

Laughing
Are you laughing at me?
Laughing
Oh, how can that be?

*I hear you laughing
What are you laughing about?
You may be laughing
Why are you laughing aloud?*

Laughing
Why don't you look in the mirror
Laughing
Is the picture any clearer?

*I hear you laughing
And although you can't see
You may be laughing
Are you laughing at me?*

Laughing
I hear you laughing at me
Laughing
Oh, maybe one day you'll see

*That when you are laughing
There is nothing you can do
You may be laughing
But the joke is on you.*
