

Press Release: Be Still Publishing LLC announces the release of Animal Speak's debut album *Yesterday's News*

Today, Be Still Publishing LLC announces the release of **Animal Speak's** debut album **Yesterday's News**. This eclectic body of work, written over the last thirty years, covers topics ranging from: current events and politics to relationships, love and loss.

"I Can't Take It Anymore," "A Better Way" and "Big Brother" are just a few of the songs featured on **Yesterday's News** offering candid observations of humanity that could make them instant classics.

Animal Speak is seeking singers and producers that can add their unique style to the individual songs, while maintaining the integrity of the original album concept.
