

## I Can't Take it Anymore

Have you heard the news today  
Fighting in the streets they say  
And as the tensions start to rise  
What are truths and what are lies  
Cuz, I can't take it anymore

Can you tell me what's your scene  
And what your politics mean  
And in your message what you say  
And what it means to get your way  
Cuz, I won't take it anymore

The cities are on fire, in total disarray  
And sadly it feels, we have lost our way  
Listen to me, can you hear what I say  
Man there's got to be, a better way

(Bridge)

Entrenched and enraged, the battle lines drawn  
Each side believing the other is wrong  
The streets are abuzz with talk of revolution  
C'mon, man there's got to be, a better solution

(Instrumental)

What is the latest flag you wave  
And who or what do you hope to save  
And if your message is one of blame  
Count me out of that nowhere game  
Cuz, we won't take it anymore

The cities are on fire, in total disarray  
And sadly it feels, we have lost our way  
Listen to me, can you hear what I say  
Man there's got to be, a better way  
A better way, better way, better way
